

Pre-op testing at Piedmont Hospital is located in the Admissions area immediately off the main front lobby of the hospital.

If you are being driven by someone else, the driver may drop you off at the front lobby at the Peachtree Street entrance, and you may walk directly to the Admissions area.

If you are driving yourself, then you will park in either the North or South parking decks, and follow the signs to Admissions. The walk will be shorter if you park in the North Parking Deck.
